PRODUCT DETAILS

This Enjoy Play is a straight bar with included 2 spinlock collars. The bar features knurling to ensure a comfortable and secure grip.

Spinlock collars lock the weight plates in order to provide a stable position during exercise. The collars have rubber seals to prevent loosening during training.

This barbell is made of solid steel with a chrome finish for a professional look. The diameter of the neck is 30mm, therefore it is suitable for regular weight plates. The chrome finish helps to protect the bar from rust.

The Enjoy Play Straight bar is available in the following lengths: 4ft, 5ft, 6ft, 7ft
