PRODUCT DETAILS

BH Inversion Table Zero Top

The Zero Top from BH is the most comfortable market inverter. Stretching relaxes and strengthens the back in the most comfortable way. Thanks to its backrest, footrest and safety straps it is extremely safe and comfortable.

Quick Access To Exercise

The adjustment system allows any user to find their perfect position and setting. Adjustability ensures the best position during exercise for a comfortable and relaxing stretch. Stretching with the table zero top strengthens your back in a comfortable way.

Features

Designed for intensive home use, this inverter can support a maximum user weight of 130kg. Features safety straps to ensure your safety during stretching. The backrest features an

adjustable strap to block the rotation of the backrest. The feet support pads are made out of comfortable foam and offer several quick clamping points for different types of users.

Foldable

This table zero top is also foldable so that you can fold and store it away when not in use.
