## PRODUCT DETAILS

### CHEST BELT FOR OMA TREADMILL

The Chest Belt for OMA treadmill is designed to provide accurate and reliable heart rate monitoring during workouts. Made from comfortable, skin-friendly materials, it ensures a secure fit while allowing full freedom of movement. The adjustable strap accommodates different body sizes, making it suitable for a wide range of users. This chest belt is compatible with the OMA treadmill and is ideal for tracking heart rate during running, walking, and other fitness activities. Can use with the POLAR App.
