PRODUCT DETAILS

Enjoy Play Easy Regular Curl Bar

The Enjoy Play easy curl bar measures 120cm in length. Features also has a carefully knurled gripping part to provide a secure and comfortable grasp while working out.

The bar includes two screw collars, star-shaped. This type of clamp ensures that the load stays secure on the bar all the time. The nuts have inner rubber gaskets, that prevent the load from loosening. Both ends of the bar are threaded so it is safe and easy to load your weight plates.
