PRODUCT DETAILS

Enjoy Play L/XL Easy Breath Mask & Snorkel

This snorkeling mask features a double air-flow channel for Inhaling and exhaling, this system ensures that the mask does not fog up. With a broadside dual sealing design, the mask imitates a human face shape. This ensures a comfortable fit while keeping a watertight seal. To prevent skin irritation the seal is made out of medical silicone, which is also Eco-friendly.

Water Ear Plugs Included

Ear plugs are perfect for keeping water out of your ears while snorkeling and swimming. These help prevent infections such as the swimmer's ear.

Easy Breathing

The full mask allows for natural breathing through the nose and mouth.

Sports Camera Mount

The mask features a camera mount so that you can record and capture your snorkeling experience.

Anti-Fogging

Due to an exclusive air circulation design, the mask does not fog up when in use. Continuous Fresh Air Flow with a double chamber air vent valve.

Field of Vision

180° Panoramic Field of Vision. The shatterproof window for added safety. Snorkel top can be seen from 4 times further away than a traditional Snorkel.

Easy To Put On/Take Off

The mask features an adjustable elastic straps that allows you to adjust the mask according to your face, this ensures a water-tight seal. Additionally, a valve at the bottom of the mask can be used to drain water when your head is raised.

Waterproof

The "Dry Top" snorkel system limits water entry through the top of the snorkel.
