## PRODUCT DETAILS

### Everfit Bike BFK-350

- 2 years warranty on parts and labour

The bike BFK 350 features a modern design and improved comfort. It is ideal for low- to moderate-intensity workouts. The 4 kg flywheel provides smooth pedalling, with manually adjustable magnetic resistance across 8 effort levels. The saddle is vertically adjustable with a spring system for added comfort, and the handlebars are inclinable to support better posture. The LCD display allows you to track time, distance, speed, calories burned, and pulse rate, which is detected through built-in hand grip sensors.
