- 2 Years warranty on Parts and labour

Everfit TFK490 Treadmill

The Everfit TFK490 Treadmill is designed for users looking to take their home workouts to the next level. Equipped with a 2.0 HP continuous (3.0 HP Peak) DC motor, it delivers smooth performance with speeds of up to 16 km/h. Unlike the TFK390, the TFK490 features an electronic incline with 15 adjustable levels (up to 12%), allowing users to increase workout intensity and simulate uphill running. The Soft Cushion System with 4 shock absorbers provides enhanced comfort by reducing impact on the joints.

The treadmill offers a wide variety of training options, including 24 pre-set programs, 3 user programs, 3 Heart Rate Control (HRC) programs, and a Body Fat Tester, making it suitable for

beginners and experienced users alike.

The LED display clearly presents workout data including speed, incline, heart rate, distance, time, and calories burned. The console also features a smartphone/tablet holder, integrated Bluetooth connectivity (APP Ready 3.0), and compatibility with Zwift and Kinomap for an immersive interactive training experience (subscriptions not included). Heart rate can be monitored using the built-in hand pulse sensors or a compatible Bluetooth chest belt.

BRAND

EVERFIT

Maximum User Weight	100 kg
