Toorx Bike BRX-9500 Self Generated Power

This Toorx fitness bike features a self-generating power ergometer. With an induction magnetic braking system with 32 levels of resistance adjustment, this fitness bike is perfect for your gym or studio.

Built with high-quality materials the BRX-9500 can support a maximum user weight of 180kg. Additionally, the bike itself comes with pre-built workout programs which are 1 manual, 12 pre-set, 4 user, 1 HRC, Watt, Recovery, and Body fat tester. The console displays your time, speed, distance, calories, pulse, RPM, and Watt for tracking your progress.

The EASY FIT SYSTEM seat allows the user to adjust the seat according to their unique preference. With horizontal and vertical micrometric adjustability. Additionally, the seat is equipped with a quick release system for a more efficient and comfortable vertical adjustment.

The handlebar features multiple handles, all with ergonomic supports for longer and more comfortable workouts. The pedals are also ergonomic and feature an extra large pedal crank.
