PRODUCT DETAILS

Garlando Combi XS 55

Suitable for outdoor and indoor use, this trampoline is the ideal tool for the children and kids fun and exercise, to use all the year long. Great for summer days in the open air, it can be easily placed indoor for a pleasant time in the coldest season thanks to its reduced size.

To ensure the jumpers' maximum safety the trampoline comes with an enclosure to prevent falls to the ground. Easy to assemble, this enclosure is made with an anti-trapping close mesh.

The Combi XS trampoline complies with the harmonized European rules EN on safety EN 71

Key Specifications:

- Square powder coated steel frame
- Anti-skid legs
- Jumpmat: heavy-duty Permatron polypropylene, made in the USA. Colour: black. The mat is attached to the springs by V-shaped metal hooks coated with fabric sown with additional stitch rows
- Protection pads: outer: polyester coating, colour blue; inner pad in high density foam rubber
- Heavy duty steel springs for increased resistance, hot dip galvanised internally and externally for improved anti-rust protection
