PRODUCT DETAILS

Garlando Indoor Folding Medium Trampoline

Carry the fun everywhere with Fit & Balance to Go, the portable version of the indoor trampoline.

Designed to meet the requirements of those who wish to exercise on trip or on holiday or lack room at home to keep the trampoline always assembled.

The travel bag to carry around is supplied as an optional feature.

Key Specifications:

- Square powder coated steel frame.
- Anti-skid legs.
- Jumpmat: heavy-duty Permatron polypropylene, made in the USA. Colour: black. The mat is attached to the springs by V-shaped metal hooks coated with fabric sown with additional stitch rows.
- Protection pads: outer polyester coating, colour blue; inner pad in high density foam rubber.
- Heavy duty steel springs for increased resistance, hot dip galvanised internally and externally for improved anti-rust protection
