~~**9.00 €**~~ **7.20 €**

Stock: In stock
Categories: Ab Wheel, Fitness, Fitness Accessories
Size Chart: Wheel: (W) 20 x Dia. 190mm | br

PRODUCT DETAILS

An exercise wheel is manufactured with precision and helps you get firm and toned abs. The dual wheels ensure stability and help you to sculpt and strengthen your arms.

The wheel and handles are made of non-slip material to minimise the possibility of injury. The exercise wheel is effective in strengthening your core, not only because it targets your abs but also because it works the muscles of your lower back.

It will improve the strength of your arms, shoulders, chest, and back muscles.
