PRODUCT DETAILS

HMS Olympic Bar 200cm

HMS Olympic bar was made of chrome-plated hardened steel. HMS bar is known for its strength combined with perfect flexibility.

Secure and comfortable grip is assured by knurling. The maximum load is 150 kilograms. In turn, the 30mm diameter ensures comfort during the workout. Chrome-plated steel guarantees a nice look and long life on the products. It is also great protection against rust.

- Grip diameter: 30 mm
- Sleeve diameter: 50 mm
- Weight: 14 kg
- Length: 180 cm

- Maximum load: 150 kg
