PRODUCT DETAILS

HMS Wrist Support One Size

HMS wrist support is a soft and comfortable elastic bandage. The product provides wrist support, yet allows for wrist flexion so it gives the required support without restricting flexibility.

It is made of flexible material: spandex and polyester and with the hooks and loops it easily adjusts to the size of the wrist.

HMS supports may be used as a preventive measure as well as during rehabilitation.

Material: 55% elastine, 45% polyester

Dimensions: (L x W) 31 x 7.5 cm
Colour: Black
Size: One Size
