Introducing the OMA Treadmill EB:

Are you ready to revolutionize your fitness routine? Look no further than the OMA Treadmill EB, a powerful and versatile treadmill designed to take your workouts to the next level. With its exceptional features and thoughtful design, the OMA Treadmill EB is your ideal fitness companion.

Key Features:

1.25 HP Brushless Motor: The heart of this treadmill is its robust 1.25 horsepower motor. It provides consistent and reliable power to keep you moving smoothly, whether you're walking or sprinting.

Impressive Speed Range: Reach your fitness goals faster with a top speed of 13 km/h (8 mph). Whether you're aiming for a brisk walk or an intense run, this treadmill can accommodate your pace.

Adjustable Incline: Customize your workout difficulty with the treadmill's 3 levels of incline. Target different muscle groups and burn more calories by simulating uphill climbs.

Health Monitoring: Keep tabs on your progress with hand pulse sensors. Monitor your heart rate and track your fitness gains, making informed decisions about your workouts.

Space-Saving Design: Enjoy the convenience of a foldable frame, perfect for homes with limited space. When you're done working up a sweat, simply fold and store it away effortlessly.

Easy Transportation: Maneuvering this treadmill is a breeze, thanks to its built-in wheels. Move it around your home effortlessly, ensuring it's always where you need it.

Diverse Workout Programs: Don't worry about monotony. With 36 pre-set programs, the OMA Treadmill EB offers a wide variety of workouts, ranging from beginner-friendly to advanced. Progress at your own pace and keep your fitness routine exciting.

Exercise Benefits:

Cardiovascular Health: Running or walking on the OMA Treadmill EB at your preferred speed and incline levels helps improve your cardiovascular fitness. Strengthen your heart, reduce the risk of heart disease, and enhance your overall endurance.

Weight Management: Burn calories effectively and manage your weight with the flexibility to adjust speed and incline. High-intensity workouts can torch calories, while lower-intensity options provide sustainable fat-burning workouts.

Muscle Toning: Varying the incline engages different muscle groups, helping you tone and strengthen your legs, glutes, and core. The elastic cushioning also reduces impact on your joints, making it easier to focus on muscle development.

Health Monitoring: Stay in tune with your body's needs by monitoring your heart rate and body fat levels. This data empowers you to tailor your workouts for optimal health and fitness results.

Convenience and Consistency: With its user-friendly features and space-saving design, the OMA Treadmill EB ensures that you can maintain a consistent workout routine from the comfort of your home. Bluetooth to Kinomap App, ZWIFT App and Any Run App.
