## PRODUCT DETAILS

- 3 years warranty parts and labour

The **OMA 7746EA Treadmill** is a powerful and versatile fitness machine designed for home users who want a professional running experience. With its **3.0 HP AC motor**, wide running surface, advanced training programs, and convenient folding design, it provides a smooth, stable, and comfortable workout for walkers, joggers, and serious runners alike.

### Powerful Performance

At the heart of the OMA 7746EA is a **3.0HP AC motor** that delivers strong, consistent power for long workouts. The treadmill offers a **speed range from 1-22 km/h**, making it suitable for everything from light walking to high-intensity sprint training.

## Advanced Training Console

The treadmill features a **modern console with six white LED display windows and a green circular racing track indicator**, providing clear workout feedback. Users can choose from **36 preset training programs, 3 customizable user programs, and 1 manual mode**, allowing a variety of workout options to suit different fitness goals.

## Adjustable Incline Training

With **15 levels of motorized incline**, users can easily simulate uphill running to increase workout intensity, burn more calories, and strengthen lower body muscles.

## Smart Connectivity & Monitoring

The OMA 7746EAI is equipped with **Bluetooth connectivity**, allowing users to connect to compatible fitness apps and heart rate devices. Built-in **handle pulse sensors** and a **body fat measurement function** help track health and fitness progress.

## Convenient Controls

For easy operation during workouts, the treadmill includes **quick speed and incline buttons on the console** as well as **additional control buttons on the handlebars**, allowing users to adjust settings instantly without interrupting their stride.

## Comfort & Shock Absorption

The treadmill is designed for joint protection and comfort. It features **six internal elastic cushions** and a **soft drop system**, reducing impact on knees and ankles while ensuring a safe and smooth running experience.

## Smart Safety & Design

The treadmill includes a **continuous LED light strip along the running deck** that enhances visibility and adds a modern look. The lighting **turns red during operation and green when stopped**, providing clear visual status feedback.

## Foldable & Space-Saving

Designed for home convenience, the OMA 7746EA features an **easy folding system with soft drop technology**. Built-in **transport wheels** allow effortless movement around your home.
