PRODUCT DETAILS

Toorx Adjustable Selective Dumbbell Up To 40 Kg

Adjustable selective dumbbell with 15 weight plates set. Based on a state-of-the-art technology, it is a great space-saving solution, which allows to have a whole set of dumbbells already pre-loaded in a very small space. All you have to do is a simple rotation of the graduated knob to select the desired weight. The internal mechanical structure guarantees the accuracy of weight selection.

Key Features:

- Adjustable selective dumbbell with weight increments from 2.5 to 24 kg
- Price is for one dumbbell
