PRODUCT DETAILS

Toorx Bumper Crumb Weight Plate 25 Kg

Weight plates with 50mm diameter hole and stainless steel bushing for a more comfortable loading and unloading. Made with high density and pressure rubber particles for a great sturdiness and flexibility. No noise, high endurance and low rebounding capacity let the crumb weight plates perfect for functional training and crossfit.

Key Features:

- Olympic
- Rubber

Benefits Of The Product:

Free weight training has been scientifically proven multiple times that it is super beneficial for both your physical and mental health. There are multiple training routines with weight plates, dumbbells and other forms of free weights.

Training with free weights force you to use your muscles in a way that stabilises movement. This helps you build strength, power and coordination than if you where to use a machine that limits your movement to a restricted path.
