PRODUCT DETAILS

Toorx Cable Attachment Single Hand

This single hand cable attachment can be attached to multiple cable machines such as a functional trainer. Usually, this attachment is used for performing cable flyes to target your pectoral muscles. The handle is made out of metal and the grip is features a rotating plastic part.

Key Features:

- Durable
- Loop for hooking to cable machines

Benefits Of The Product:

Gym attachments are very useful for performing multiple exercises and targeting your muscle groups. There are practically attachments for targeting all your muscle groups from angle cuffs,

tricep ropes, tricep bars, lat pull-down, curl bars, rowing handles and much more.

These attachments, in turn, help you isolate specific muscle groups without overloading your central nervous system by doing more compound lifts.
