PRODUCT DETAILS

Toorx Neoprene Belt

Made out of nylon and neoprene this weight lifting belt is super durable and made to last. It's ideal to use when you have to lift heavy loads. This helps to support your back and keeps your lower back safe. Available in one size and is equipped with velcro that can be adjusted for any user.

Key Features:

- Adjustable for any user

Benefits Of The Product:

A weightlifting belt can help reduce stress on your lower back while working out. Belts can also prevent hyperextension during overhead lifts in order to reduce injuries.

Beginners can benefit a lot from a weight lifting belt since they learn to squeeze their ab muscles properly.
