PRODUCT DETAILS

TOORX RUBBERIZED BICEPS BAR BBG-53.5

The Toorx BBG-53.5 Rubberized Biceps Bar is a compact and durable attachment designed for effective arm and upper-body strength training. Part of the Toorx Absolute line, it features a robust steel construction with a rubber-coated grip that provides a secure and comfortable hold during demanding workouts.

With a **53.5 cm length** and **32 mm handle diameter**, the bar is well suited for biceps curls and a variety of cable exercises. Its rotating joint allows smooth movement during training, while the rubber coating helps protect the equipment and provides a comfortable grip.

Ideal for use with cable machines and functional training stations, the BBG-53.5 is a practical addition to both home and professional gyms.
