PRODUCT DETAILS

Toorx Swivel Push-up Bars

These swivel push-up bars allow better and more delicate movements on your joints. Due to the swivel these handles rotate according to your natural wrist movement which reduces strain. These handles are ideal to strengthen and tone your chest muscles and triceps.

Key Features:

- Ergonomic handles
- Non-slip

Benefits Of The Product:

Push-up bars offer multiple benefits such as reduced pressure on your wrists. Additionally, these also help train more muscle groups. These handles help to keep your arms in a more comfortable position during push-up exercises.
