PRODUCT DETAILS

Toorx Trapolino Fitness 97cm

This Toorx trampoline is specifically designed for physical activity at home. The frame is made out of powder-coated steel. The springs are covered with sturdy padding for comfort and the legs feature non-slip rubber feet.

Key Features:

- Ultra-strong bounce sheet
- External red PVC covering
- Internal high density foam rubber

Benefits Of The Product:

Trampolines not only are for having fun but jumping is actually very beneficial for your health. Jumping exercises your whole body from legs, thighs, arms, hips and stomach. Additionally,

trampoline jumping also has the added benefit of improving your agility as well as balance.
