## PRODUCT DETAILS

### Toorx Wooden Gym Rings

These gym rings are made out of beech wood which makes the rings light weight and super rigid. The rings also come with straps for attaching them to a suspension training bar.

#### Key Features:

- Straps
- Wood rings

#### Benefits Of The Product:

There are multiple benefits of training with gym rings such as training muscles you did not know you had. Using ring and training with your own bodyweight gives you a lot of versatility and builds immense amount of strength and mind-muscle control.

Additionally, training with gym rings, will make you flexible since the movements are not along a straight path but are more natural movements.
